Atlas & Boots is an OUTDOOR travel blog covering THRILLING ACTIVITIES in FAR-FLUNG PLACES be it swimming with whales in the South Pacific or trekking the great ranges of Asia. With a mixture of QUALITY PHOTOGRAPHY and ENGAGING EDITORIAL, A&B encourages readers to TRAVEL WITH ABANDON, to throw off ordinary lives and to go – arms wide open, caution to the wind – from COAST TO COUNTRYSIDE and everywhere in between.
Atlas & Boots has a long working relationship with Lonely Planet. In 2017, founders Kia Abdullah and Peter Watson were enlisted as Lonely Planet brand ambassadors through its Trailblazers program.

CONTENT
“The content Peter and Kia produce is always very high quality, not only do we love seeing coverage on their channels, but we enjoy hosting their beautifully produced content on our own.”

PROFESSIONALISM
“These guys are the epitome of professional when it comes to working with bloggers and influencers. Deliverables are always cleared defined, and they provide regular updates on timing. Their professionalism should be the benchmark!”

RETURN ON INVESTMENT
“Atlas & Boots always exceed expectations and their deliverables/campaigns always surpass our aims. Working with influencers is predominantly a ‘top of funnel’ exercise, but we certainly see their audience engaging with our brand, and with them. 11 out of 10 – we will absolutely work with them again!”
